Please note: The report includes catch up minutes only and is not restricted to the five metropolitan cities. Live streaming channel viewing is not included. When broadcasters upgrade their video players, player measurement SDKs may take time to reach consumer devices (consumers need to update their apps) and may temporarily result in an under-reporting of a broadcaster's video player figures. Refer to the [VPM Guidelines](#) at the OzTAM website.

**VPM Rating:** total minutes played divided by content length (rounded to the nearest '000).  
**Minutes:** total number of minutes played across measured devices (rounded to the nearest '000).  
**Stream Starts:** total number of program video stream sessions of at least 15 seconds.  
**Start:** start time of the program.  
**Length:** duration in minutes of the program content.

Top Programs are for episodes with a minimum length of 15 minutes
